## TOWN WARRANT

### STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Alton, in the county of Belknap, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the Town House in said Alton, on Tuesday, the tenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1 To see what sum of money the town will vote to raise and appropriate to pay all necessary charges of the town for the year ensuing.

Article 2 To see if the town will vote to raise and appropriate \$5,725.00, the amount of money necessary to secure trunk line and state aid maintenance for the care of highways, agreeable to Chapters 80, 84 and 85, Public Laws.

Article 3 To see what sum of money the town will vote to raise and appropriate for the repairs of highways and bridges for the year ensuing, in addition to that required by law.

Article 4 To see if the town will vote to raise and appropriate the sum of \$2,862.00, the state to give a like sum of \$2,862.00 for state aid construction in said town.

Article 5 To see what sum of money the town will vote to raise and appropriate to apply tarvia to the side streets of Alton village.

Article 6 To see if the town will vote to raise and appropriate the sum of \$2,500.00 a year for two years, the state to pay \$5,000.00 a year for a like time, for the permanent improvement of the Gilmanton road, so called.

- Article 7 To see if the town will vote to raise and appropriate the sum of \$2,512.00, the amount of money necessary to pay the interest on the highway notes outstanding, in addition to the \$4,771.75 which is required to be raised according to Section 6 of Chapter 50, Laws of 1929.
- Article 8 To see if the town will authorize the selectmen to borrow necessary moneys in anticipation of taxes.
- Article 9 To see if the town will vote to buy the bonds for the bonded town officers.
- Article 10 To see if the town will vote to pay the same rate of wages for labor, teams and trucks on its highways that the state pays in this town for construction and maintenance.
- Article 11 To see what sum of money the town will vote to raise and appropriate for the decoration of soldiers' graves.
- Article 12 To see what sum of money the town will vote to raise and appropriate for the maintenance of the public library in addition to that required by law.
- Article 13 To see what action the town will take to repair the Range road, running from the highway near the residence of John Bucher to the land of the late Charles Mooney, and to raise money to repair same. (By request.)
- Article 14 To see if the town will vote to raise and appropriate the sum of \$400.00 to be expended under state supervision for the control of the white pine blister rust.
- Article 15 To see what sum of money the town will vote to raise and appropriate in addition to the 1930 balance of \$76.21 for the control of the satin, brown tail and gypsy moths.
- Article 16 To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

Article 17 To choose all necessary town officers for the ensuing year, and to elect one selectman, one water commissioner, one library trustee, and one trustee of trust funds for the ensuing three years.

Given under our hands and seal this twenty-first day of February, 1931.

ALBERT D. MORSE,  
HARRY E. JONES,  
FRANK C. YOUNG,

Selectmen of Alton.

A true copy of warrant—attest:

## Report of the Superintendent of Schools

To the School Board and Citizens of Alton:—

It is my privilege to present this my eighteenth annual report as superintendent of the Alton public schools.

### STATISTICS

School records for the school year ending June 30, 1930, are as follows:

Total registration, 251; 130 boys; 121 girls. Average membership, 204; average attendance, 194; per cent of attendance, 95. Neither absent nor tardy, 19. There were two tuition pupils in the high school. The number of visits by the school board was six; by the superintendent, 226; by citizens, 196. Eight school board meetings were held.

### FINANCIAL STANDING

The same careful planning and rigid economy as heretofore has marked the administration of the Alton schools. Each year finds a creditable balance. However, not all of the needs have been met. We shall have

to replace some pupil desks soon as many of them are in bad condition. Expense of repairs was somewhat more than average last summer and the summer before. A new wire fence has been set around the Bay school ground.

The fire in the high school building February 3 came close to destroying the whole plant. If it had not been for the valiant work of the fire department and help by many others, including the school pupils, the loss would have been very heavy and Alton would have had the expense of a new building. As it is the insurance will pretty nearly cover the loss, and the building will be repaired during the spring vacation. Temporary repairs were made and the school was off only three days, an unusual record in recovery from fire damage. The school officials and, I am sure, the whole town appreciates the fine cooperation of its people in what seemed at first a real calamity.

#### TEACHERS

The teaching force is the same as last year with the exception of one position in the high school in the department of science and mathematics. All of the teachers are hard workers, self-sacrificing, interested in all of the children with whom they have to do. We like all of the children impartially, even though we like the conduct of some better than that of others. It is not possible that all of the children should like all of their teachers all of the time. When complaints come, we usually find the teachers are right, otherwise anyone of them will always be willing to make amends. What children very often say to me is not particularly complimentary even to their parents. There should be the finest kind of cooperation between parents and and teacher. It is important to keep the overturn in teachers as low as possible.

#### ATTENDANCE

Irregular attendance often upsets the pupil's work and makes it impossible for him to make his grades. This is especially true of the high school. The attendance this year has been broken more than usual. Parents have a large responsibility in this matter. Good attendance and grinding work find their own reward.

#### CHILD WELFARE LAWS

Chap. 379; Sec. 5. "No minor under the age of

eighteen years may be admitted at any time to, or permitted to remain in, or at places of amusement known as dance-houses and concert saloons; or any licensed billiard or pool room, unless accompanied by parent or guardian." (Violation not more than twenty dollars.)

Chap. 379; Sec. 7. "It shall be unlawful for any person to admit any child under the age of fourteen years to any show or place of amusement required by law to be licensed, after sunset, or before sunset during the hours the public schools are in session, unless he is accompanied by a person of the age of twenty-one years or over; or to permit any such child to remain in the show or place of amusement after the person in charge is informed or has any reason to believe the child is under said age and is not accompanied by a person as above required." (Violation not more than ten dollars or imprisonment for thirty days or both.)

Chap. 379; Sec. 19. "If any person shall sell cigarettes or tobacco in any other form to a minor he shall be fined not more than fifty dollars."

Chap. 379; Sec. 20. "If any person other than the minor's parent or guardian shall give or deliver any cigarette, snuff or tobacco in any of its forms to any minor under eighteen years of age he shall be fined not more than fifty dollars."

Chap. 380; Sec. 34. "Offenses against libraries. If any person shall wilfully or maliciously write upon, injure, deface, tear or destroy any book, map, chart, plate, picture, engraving or statue belonging to any law school, college, town or public library, or wilfully detains a book, magazine or other property of such library, for more than thirty days after notice in writing to return the same, or wilfully disturbs persons assembled in a public or incorporated library or reading room, he shall be fined not more than fifty dollars, or imprisoned not more than thirty days."

#### HEALTH SUPERVISION

About \$300 a year, amount required by the state law, is used in taking care of the health of the pupils. At least two examinations are made each year of all the pupils. Serious cases and all defects are referred to some physician by the nurse who makes the preliminary examinations. Parents are notified where corrections are needed and urged as far as possible to have physical

defects remedied. Much has already been done to remedy bad teeth, infected tonsils, adenoids, defective sight, etc. The nurse has made many calls at homes, and attended some children to the hospital. Baby clinics are now held in many towns and defects remedied early so that children may enter school with less bodily handicaps.

#### CITIZENSHIP

May I repeat what I said two years ago? The supreme task of the schools is to help the children become good and useful citizens. Your sons and daughters should recognize the authority of the home, school and state, and become obedient thereto. Parents should religiously avoid taking the part of children against any constituted authority except in the greatest emergency. Taking the part of a child where he is in any way responsible for misconduct leaves on him a permanent injury which must be seriously considered. The school officials are always and forever trying their best to conserve the best interests of your children.

I again speak my appreciation of the very fine cooperation of school board, teachers, janitors, transportation agents, parents and children in the important work of the public schools of Alton.

Respectfully submitted,

F. U. LANDMAN, Superintendent.

Alton, N. H., February 10, 1931.

### Headmaster's Report

To the Superintendent of Schools:

With pleasure I herewith submit my fifth annual report of the work of Alton high school.

#### PUPILS

Fifty-six pupils have registered for the school year 1930-1931 six of whom have left school.

Class	Number	Boys	Girls
Senior	9	4	5
Junior	14	8	6
Sophomore	18	9	9
Freshman	15	13	2

Attendance last year was 96 per cent—a fair record. The attendance this year is not up to standard. I am urging parents to cooperate in holding firm on attendance. It is difficult for pupils to make up work lost by absence. Poor attendance usually means poor work and low marks. Sickness is the prime excuse for being absent.

#### CURRICULA CLASSIFICATIONS

Home Economics	10
Agricultural	18
Classical	18
General	10

Seven girls and four boys were graduated last June. Six entered higher institutions of learning all of whom are doing creditable work. One is taking hospital training.

It is important that parents and pupils confer with the headmaster and superintendent with reference to the choice of courses of study. The four curricula offered give a good range of adaptation looking toward the future. Agricultural and Home Economic courses are practical and concrete. Pupils planning for college should select the Classical work. Others may take the General course.

About 800 boxes of plants were raised in the greenhouse last spring. The boys took a marketing trip to Boston in the winter. Judging trips were made to Hopkinton fair and the Durham interscholastic judging contests. Boys who take Agriculture must plan for their summer projects in order to make their credits.

There are no easy courses. All demand the best of each pupil. The best interest and deportment are prime requisites of all.

#### EXTRA—CURRICULA ACTIVITIES

These give training in a high sense of honor, fairness, justice, resourcefulness, initiative, cooperation, and civic responsibility. Such activities are an essential part of the school program and consist of rhetorical, plays, assembly programs, musical entertainments, and a restricted amount of athletic sports. Baseball is the major sport, outside of the general playground games. Pupils representing Alton high school in inter-scholastic games must make their scholarship satisfactory. It is

unfortunate that we cannot have some kind of a gymnasium in which basketball and general physical training could be given during the winter time.

CONCLUSION

I wish to thank the school board, superintendent, parents, teachers and pupils for the loyalty and cooperation given me in making the school year a success.

Respectfully submitted,

ORLANDO A. LESTER, Headmaster.
